TINEKE TRIGGS

Growing up in Northern California with Dutch parents, Tineke Triggs' designs reflect a captivating mix of her European heritage and West Coast roots. Inspired by designers who broke away from the pack, she is known for creating sophisticated, chic and eclectic interiors that incorporate imaginative details at every turn. Her new tile collection takes her passion for creating daring designs one step further...the Muziek collection is like nothing you've seen before.

TINEKE TRIGGS
TILE COLLECTION

MUZIEK is an exquisite new tile collection created by acclaimed interior designer Tineke Triggs. Inspired by the luxury, glamour and modernism of the Art Deco movement, its 12 distinctive designs are united in their bold geometric forms, exotic style and exuberance of a bygone era. Each design is made with the finest Italian marble and beautiful hand leathered finishes.

A true symphony of design, we invite you to explore the Muziek collection.
