

Tile is an inherently sustainable choice because it can last a lifetime, produces no VOC off-gassing and is a non-leaching product that does not adversely affect other materials or humans that come in contact with it. All of our product lines, produced both in the US and by our global partners are made in factories that share our passion and sense of responsibility to care for the environment and produce products in the most sustainable way possible.

Ro Specifics:

- Contains 51% pre-consumer material
- Lead-Free
- Non-Toxic
- No VOC off-gassing

Around the Ro Factory:

- Solar Panels used to help generate electricity
- Scrap Bisque reused in production of new raw material
- Electric forklifts and cars are used to transport product
